

G'day to you all - happenings from Westbury (Andy's)

October 2007
Issue 22

The following has been sent to the Wanderer for insertion ASAP.

Our October 2007 meeting took place at Andy's Bakery Westbury about 25 kms west of Launceston. Surprisingly enough with blustery and cold weather elsewhere throughout the State, we enjoyed two sunny days on Saturday and Sunday. Friday was nothing to write home about, some were nearly ready to "up stakes" and head home. We had with 9 rigs attending which included three days visitors. One rig from the Island Wanderers (Helena & Leon) made up our compliment.

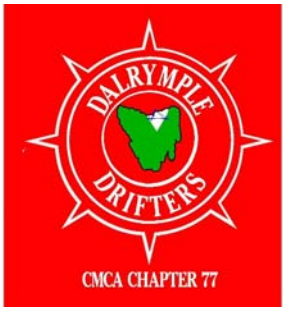

As usual "hot scones, raspberry jam and cream" for morning tea from the bakery. The ladies present were deeply involved in working out "craft" ventures for the forthcoming CCR in February 2008. Many good ideas occurred. Saturday around 2pm saw some of us ply the streets of Westbury on a historic walk designed to increase our knowledge of the area, but I'm sure some designed the outing to assist some of us "loose a few pounds".

A challenging walk, with some new history/facts on the area being raised. A relaxing happy hour followed the walk (thank goodness), a chair to rest my weary bones. Saturday night saw most of us adjourn to Andy's Bakery for an evening meal. What a meal it was!! Most expected a light meal and ordered as such, only to be greeted with a humungous plate full of piping hot food. Topped off with a maximum of two glasses of wine (your choice) to end an eventful day.

Sunday saw some of us up early (day light saving remember) - another sunny day and morning tea. Joan made a killing with some of her jam/relish sales. We broke camp and by mid morning we were all heading off to either our homes or other ventures. Thank you to our hosts, Veronica & Doug. Next rally at George Town as part of the George Town on Show Festival.
